

The T-WALL® Solution

PROJECT: AIR-TRAIN PROJECT AT JFK AIRPORT
 OWNER: THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY
 T-WALL MANUFACTURER: THE FORT MILLER COMPANY

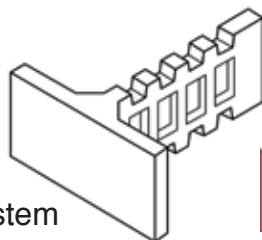

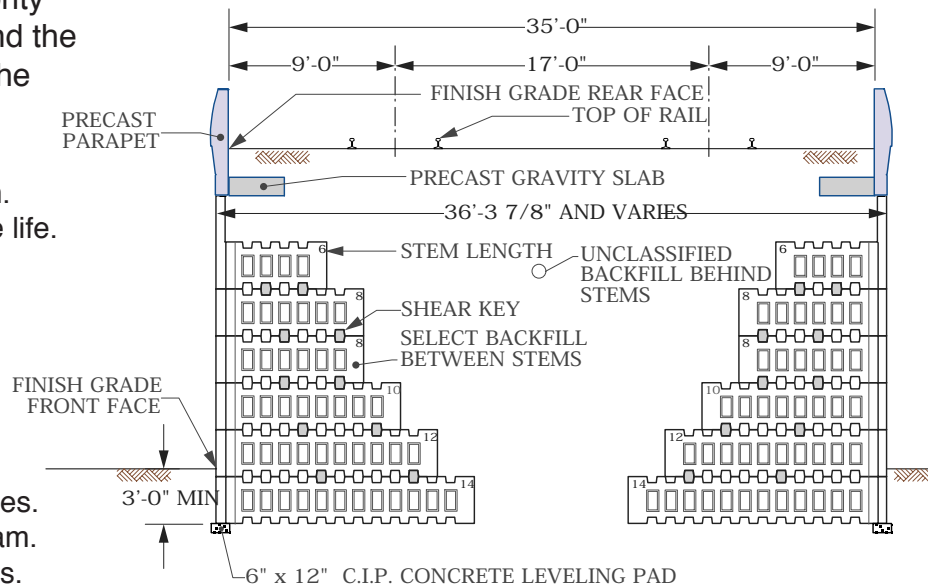

The T-WALL® Retaining Wall System was selected by The Port Authority of New York and New Jersey and the Design/Build team because of the following benefits:

TECHNICAL BENEFITS:

- Heavy-duty all concrete system.
- Long, maintenance free service life.
- No corrosion concerns.
- Foundation improvement by using the permanent structure to surcharge a layer of low bearing capacity material.

DESIGN/BUILD BENEFITS:

- Professional engineering services.
- Integration with design/build team.
- Plant manufactured components.
- Construction training and assistance.
- Continuity from conception through construction.
